PROPOSAL NO. 3(ii):M/s Kanishka Organics LLP

<u>I. COMPANY/UNIT PROFILE</u>	
(a) Name and address, telephone/fax/email id	<p>M/s Kanishka Organics LLP Address: Plot No. 2, SEZ Phase II, Sector 3, Pithampur, Distt. Dhar PAN No.: AAACG2207L</p>
(b) Issue	<p>Application for renewal of LoA for next five years - LoA No. C-115/ISEZ/Proj./2016-17/2041 dated 07.02.2017</p> <p>M/s Kanishka Organics LLP is holding LoA No. C-115/ISEZ/Proj./2016-17/2041 dated 07.02.2017 for manufacturing of Flour and Meals of Soya Beans, Oil Cake and Oil Cake Meal of Soya Bean Expeller Variety, Solvent Extracted (Defatted) Variety, Chickpeas, Split lentils, Yellow peas, Pigeon peas, Mung beans and kidney beans. The unit is operational on plot No. M-10 in SEZ Phase-II, Indore SEZ, Pithampur. The unit has submitted the captioned request for renewal of its LoA dated 07.02.2017 for a further period of five years beyond the present validity up to 29.04.2023. The unit commenced its commercial production w.e.f. 30.04.2018, and as per rule provisions has completed first five-year block period and the instant renewal of LoA sought is for the second five year block period. As per the SEZ Amendment Rules, 2018, the unit is required to submit the completed application in form F1 along with requisite documents for renewal of LoA, before two months of expiry of validity. In the instant case, the request has been received in the prescribed form only on 21.04.2023, i.e. just before 8 days from expiry of validity of LoA and the unit was advised to submit the reasons and circumstances for delay in filing of the request for renewal of LoA along with certain requisite documents.</p> <p>In response, M/s Kanishka Organics LLP has submitted the following requisite documents viz. (i) Revised application in Form F1 in physical copy duly signed by the partner of the unit duly incorporating necessary corrections; (ii) Chartered Accountant</p>

certificate issued by M/s Shikha Tiwari & Associates, Bhopal regarding FoB value of Exports, Forex Outgo and NFE achieved during first block of five years i.e. from 2018-19 to 2022-23— as per the CA certificate the unit has achieved Positive NFE in the first block; (ii) Copies of APRs for the period 2018-19 to 2021-23; and (iii) requisite undertakings viz., no default in statutory payments, regarding not doing any activity which is not sanctioned or approved by DC and non violation of any applicable statute related to functioning of the unit.

With regard to decline in exports, the unit has submitted that their business was doing well and products were being exported to US, and APEDA was the regulating body which used to provide organic Certification for exports to US. Now the US Government has revoked APEDA and made it compulsory to get the certification from US agency directly which is very costly and not feasible, leading to downfall in exports to US. Further, the products have also lost the market and the unit is looking for multiple options for suitable product and wish to transform the unit to the most feasible plan. According to the unit the projection figures mentioned in the application form are in view of the present scenario and may improve with a new business plan.

With regard to the reasons for delay in filing the renewal request in the prescribed application form along with requisite documents, the unit has stated that the same has occurred as they were not aware that the renewal request was to be submitted two months before expiry, and has requested for consideration of the request.

The Specified Officer, SEZ, Pithampur has informed that as per records, no instance of violation of applicable statutes related to the functioning of the unit as well as no case of default of statutory payment has been noticed. The Specified Officer has further informed that the unit has stopped their production since one and half years and has filed the only APR of 2018-19 which has been tallied with customs record and no discrepancy was noticed. It is further reported that the data of import and export has been obtained from NSDL and the unit has achieved positive NFE. The Specified Officer has submitted that the LoA of the unit may be considered for extension for a further period of five years in terms of the provisions of Rule 19(6) of SEZ Rules, 2006.

Having regard to the submissions made, and duly considering that as per the report received from the Specified Officer, the unit has stopped the production since last one and half years, and moreover, the unit in the instant renewal request has inter alia stated that they were majorly exporting their products to USA and achieved a

combined NFE of Rs. 112.85 crores from 2018-19 to 2021-22, and that in view of the mandatory requirement of taking certification from US based agency, which is a costly affair, their entire export business to US came to stand still and that now they are looking at various ways to revive their existing business considering the significant capital expenditure already done. Therefore, the unit has requested to give them some time to find a suitable and sustainable business plan to utilise the existing resources at hand.

Rule 19 (6B) of SEZ (2nd Amendment) Rules, 2019 provides for the criteria to be evaluated for renewal of LoA of SEZ units, and as per the information submitted, the same is as under:

(i)	Export performance of the Unit in the last block	Export (last block i.e. from 2018-19 to 2021-23) – Rs. 211.10 crores
(ii)	Employment generated	5 persons
(iii)	Instance of violation of applicable statutes related to the functioning of the Unit	'Nil' Undertaking submitted by the unit
(iv)	Cases of default, if any, of statutory payments	'Nil' Undertaking submitted by the unit
(v)	Undertaking of any activity not sanctioned or approved by the Development Commissioner	'Nil' Undertaking submitted by the unit

Accordingly, the matter regarding renewal of LoA for a further period of five years and consideration of unit's request to find a revised business plan for running the unit is accordingly placed before the Approval Committee in terms of the provisions of Rule 19(6) of SEZ Rules, 2006 for consideration.

(c) Rule provision	Rul 19(6) of SEZ Rules, 2006 provides that the LoA shall be valid for 5 years from the date of commencement of production or service activity and it shall be construed as a license for all purposes related to authorised operations, and after the completion of 5 years from the date of commencement of production, the Development Commissioner may, at the request of the unit, extend validity of the LoA for a further period of five years at a time.
Decision required from UAC	Renewal of LoA for next five years and in the event of closure of the approved activities at present, consideration of unit's request to give them some time to find a suitable and sustainable business plan to utilise the existing resources at hand.
